Ahead Together

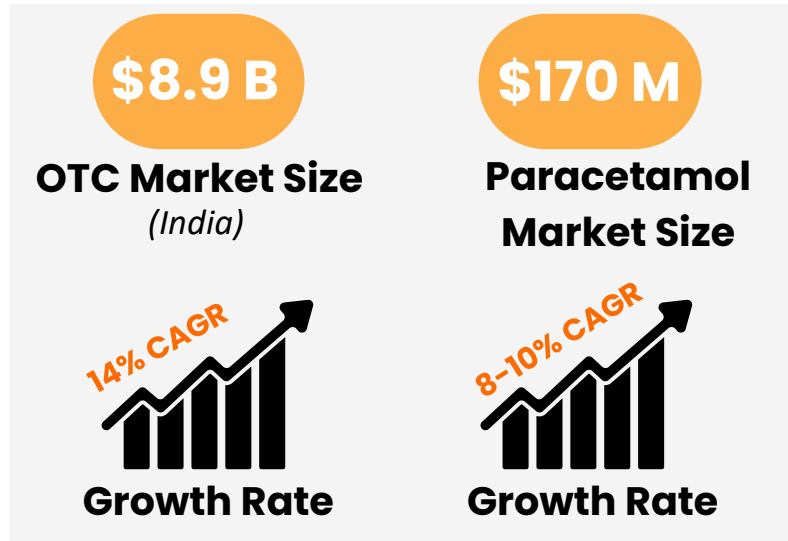

100
YEARS OF
TRUST
IN INDIA

Aim: Increasing the market share in a cluttered market of 192 brands

Why Kapton is ready for Consumerization in India

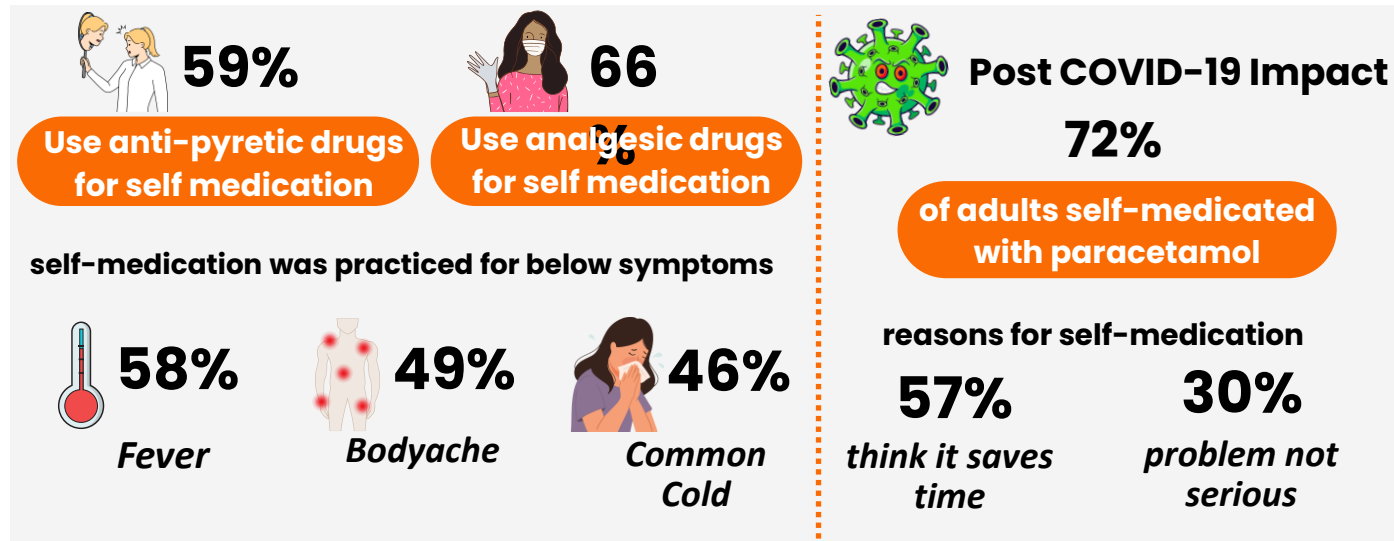

Market Readiness

Regulation Scenario

- Paracetamol(500mg) can be sold OTC by a valid Licensed Retailer
- No Regulatory Framework has been defined for Rx to OTC Switch
- WHO lists Paracetamol as an Essential Medicine

Consumer Trends

Why Kapton is Ready for Consumerization

- ✓ Safety Profile of the drug
- ✓ Clear Ability to Self Diagnose
- ✓ Wide Market Availability

Successful Rx to OTC Switches

DIGENE®

What is it : Antacid

52 M

Significant demand for gastric acid disorder relief

Huge target market beyond patients with chronic conditions

Positioning

“Everyday self-care providing digestive relief”

Target Customer

Unhealthy eating habits(heartburn, acidity), frequent digestive issues

Differentiation Strategy

- Link to E-Pharmacy
- Educational Content
- Rapid Relief
- Unique Formulation
- Multiple Formats
- Flavor Variety

24% Increase in net profit

7% Rise in Revenue

XYZAL®

Prescription Name : Levocetirizine

60 M

Significant demand for effective allergy relief options

The allergy OTC market is highly competitive

Rebranding

XYZAL ALLERGY 24HR

Target Customer

Night Sufferers

“Full-strength 24HR allergy relief for a better night’s sleep and a more productive day.”

Differentiation Strategy

Nigel symbolized wisdom and nighttime relief, aligning with Xyzal's USP of nighttime dosing.

3. IIM Kashipur Pharmacy

(Kashipur)

Observations Made

We asked for Dolo at 1 pharmacy & Paracetamol at another

Dolo is in their top shelf
(Handy)

Visibility of brand matters at the pharmacy stores

Insights Gained

Margin plays a major role in which brand we push

Customers ask for Dolo due to previous experience

Relationship with company on educational camps matter

If someone comes & asks for a brand then only we give that brand

Plan of Action

Incentives & Campaigns

- Higher Margins than the competitor

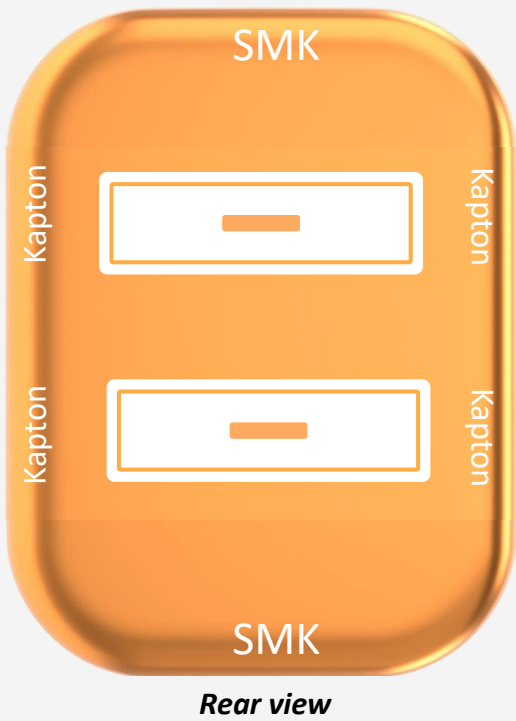

- Knowledge of new formulation advantages
- Increased recommendation rate due to confidence in product benefits
- Brand loyalty among pharmacists

Brand Visibility

Benefits

A Strip shaped shelf box

For Pharmacist

- More space to keep the meds
- More handy for them

For SMK

- Product Placement
- Customer Experience
- Talking to the customer

ANNEXURES

100
YEARS OF
TRUST
IN INDIA

Primary Research Questions:

- What is Your Age?
- Where do you live?
- What symptoms do you associate with paracetamol use?
- How confident are you in recognizing the symptoms that paracetamol treats?
- How well-informed do you feel about the recommended dosage?
- How well-informed do you feel about the potential side-effects?
- Which of the following side effects, if any, have you experienced after taking paracetamol?
- Who or what most influences your decision to take paracetamol?
- On a scale of 1-5, how confident are you in choosing and using paracetamol without consulting a healthcare professional?
- How likely are you to switch to a different paracetamol brand if recommended by someone you trust?
- What factors make you loyal to a brand?
- Which form of paracetamol do you most prefer?
- What qualities would you definitely want your paracetamol product to have?
