

BlinkX Brainathon: The Product Innovation Challenge

LinkedIn FOR FREELANCERS

Megha Singh Panwar

Shyam Sundar Panigrahi

Presented By -

Team Cosmic Pegasus | IIM Kashipur

OVERVIEW

INTRODUCTION

6.3 Mn

of India's workforce participates in the gig economy, a figure significantly higher than the participation seen in developed countries

The pandemic has accelerated the adoption of gig jobs

PROBLEM STATEMENT & GOAL

LinkedIn currently does not have specific feature catering to gig workers and freelancers

With the rise of gig jobs, there is a growing need for a professional networking platform to support this segment

To create and implement new LinkedIn features that specifically address the needs of gig workers and freelancers.

'FREELANCERS'

Independent work driven by project-based contracts and flexible schedules.

PROBLEM

- Inconsistent Earnings
- Safety Concerns
- No Job Security
- Long Working Hours

- Finding the clients
- Payment Delays
- Job platform fees is too high
- Job platform Algorithm bias

- No centralized platform for job search
- Unclear client expectations
- Unrealistic Project Deadlines
- No work life balance

BENEFITS OF A CENTRALIZED PLATFORM

FOR GIG WORKERS & FREELANCERS

CURRENT SCENARIO WITH MULTIPLE APPS

Fragmented job search

High in-app **service charges**

Vague job description

Scattered work history and ratings

CENTRALIZED PLATFORM LIKE LINKEDIN

Centralized access to **diverse** opportunities

Better **networking & community**

Transparent & standardized reviews

Unambiguous system for dispute resolution

FOR BUSINESSES AND CLIENTS

Limited talent pool

Time consuming hiring across platforms

Inconsistent **background checks**

Exorbitant **platform fees**

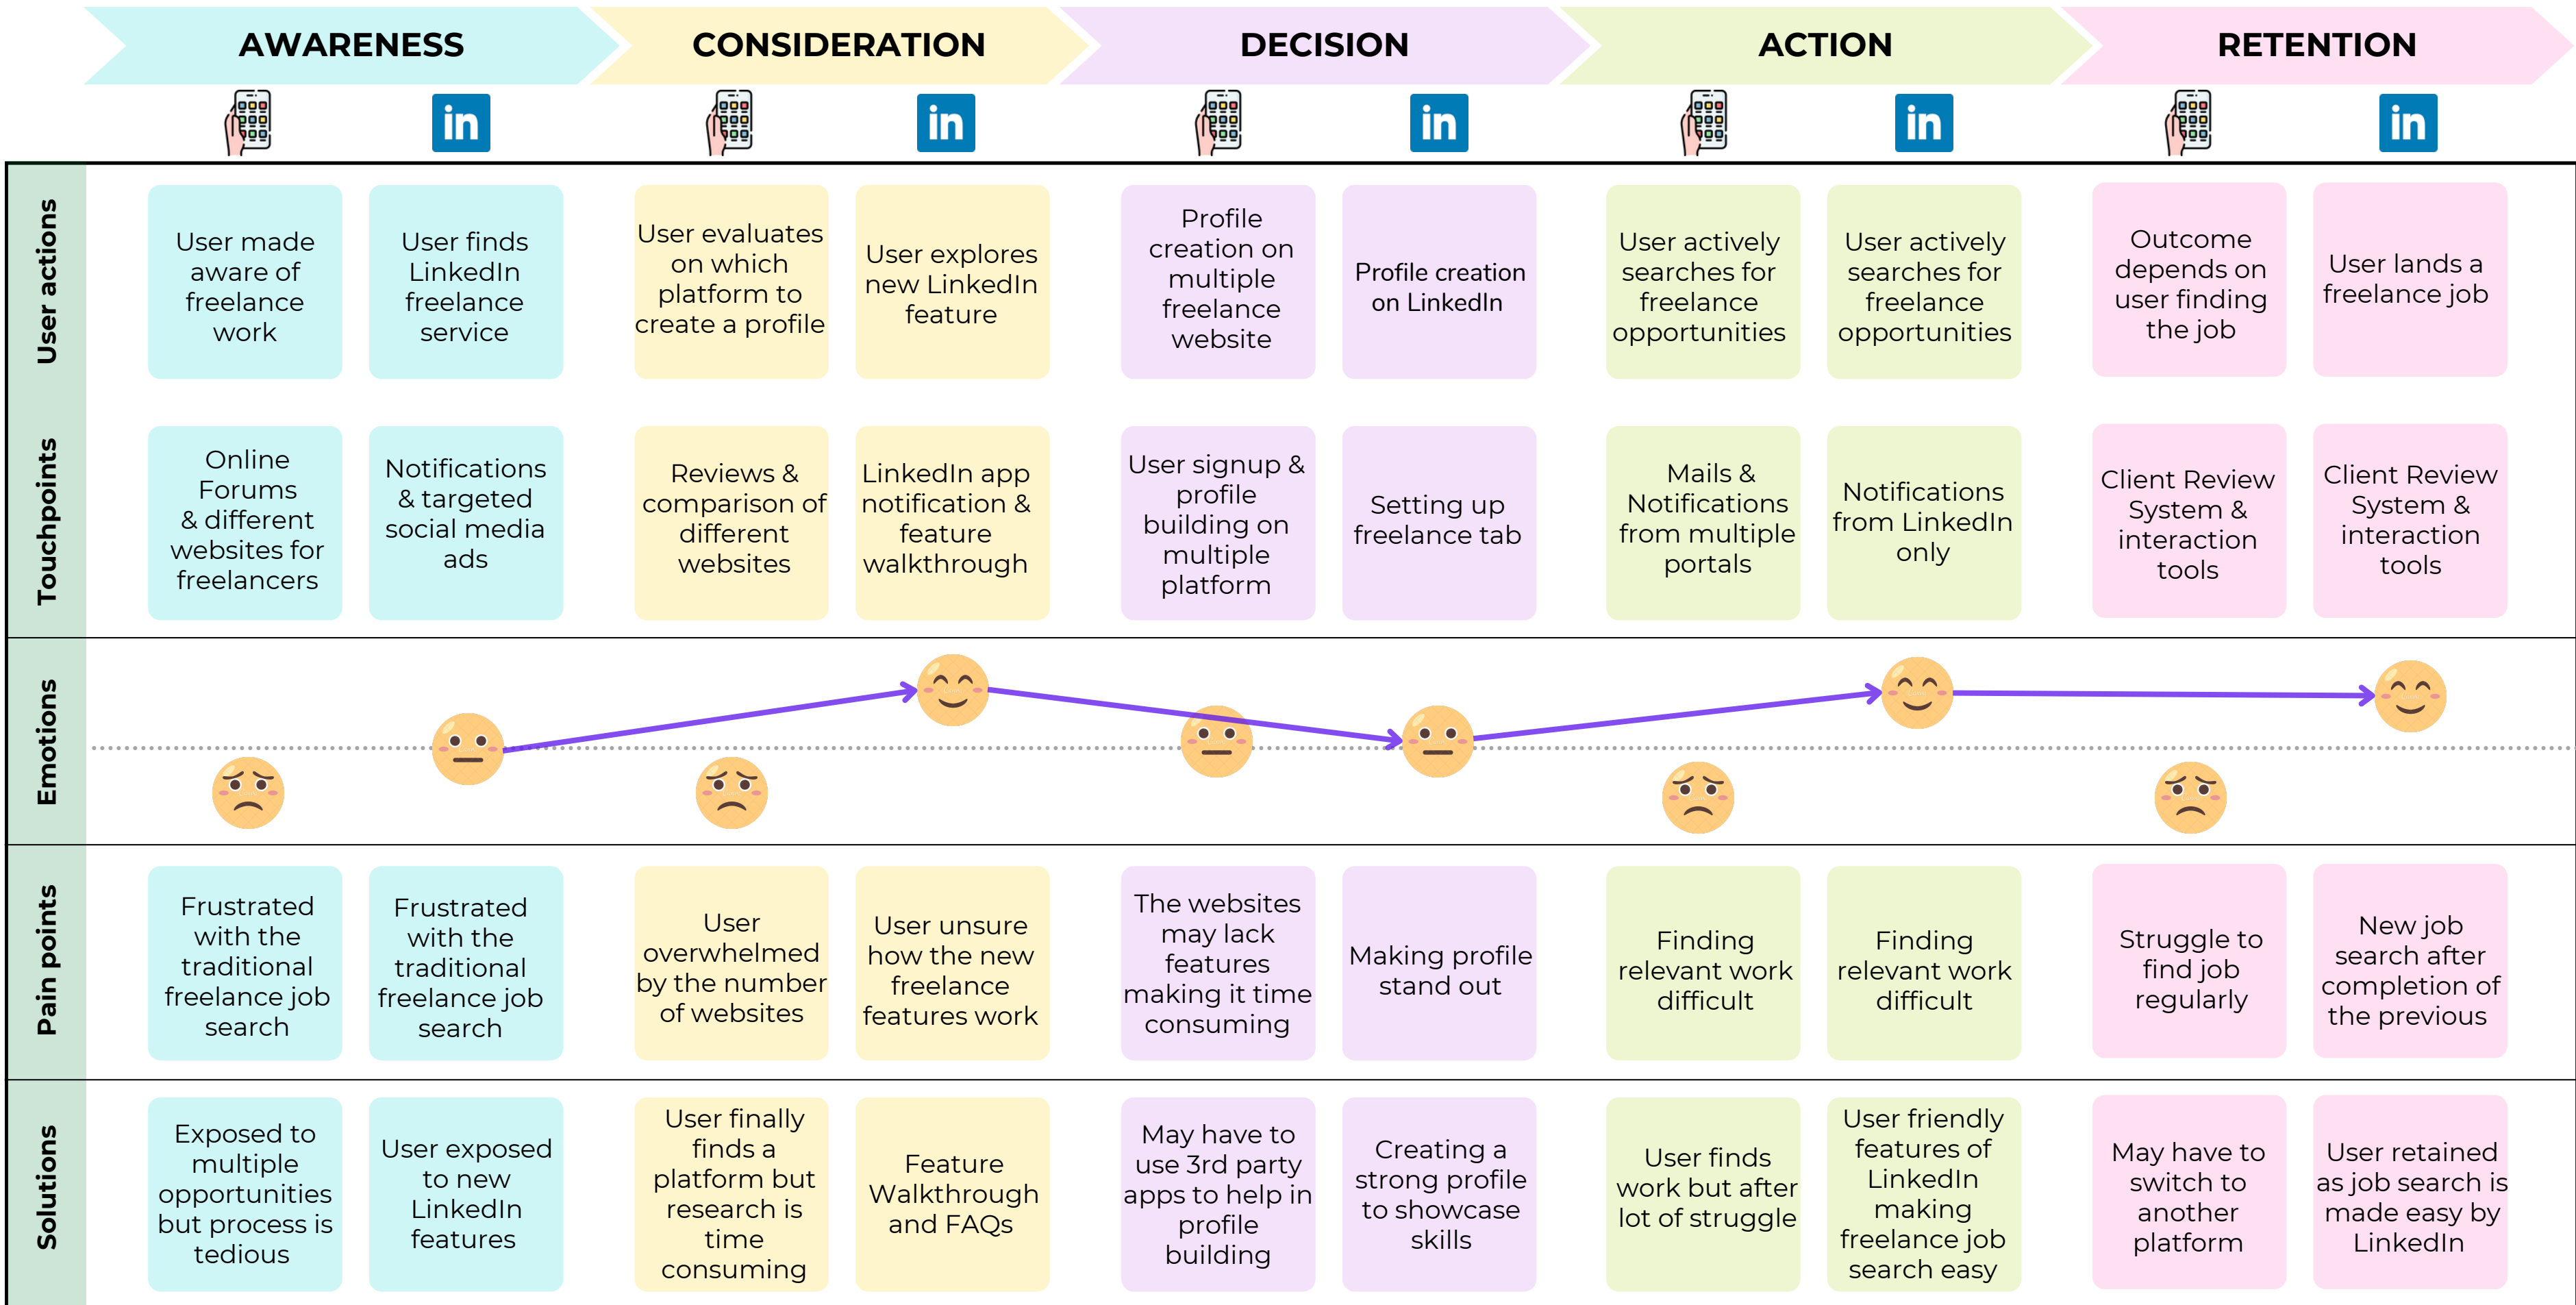

Access to **niche talent** in one platform

Streamlined & **hassle-free** hiring process

Centralized performance tracking & rating

Cost **Saving**

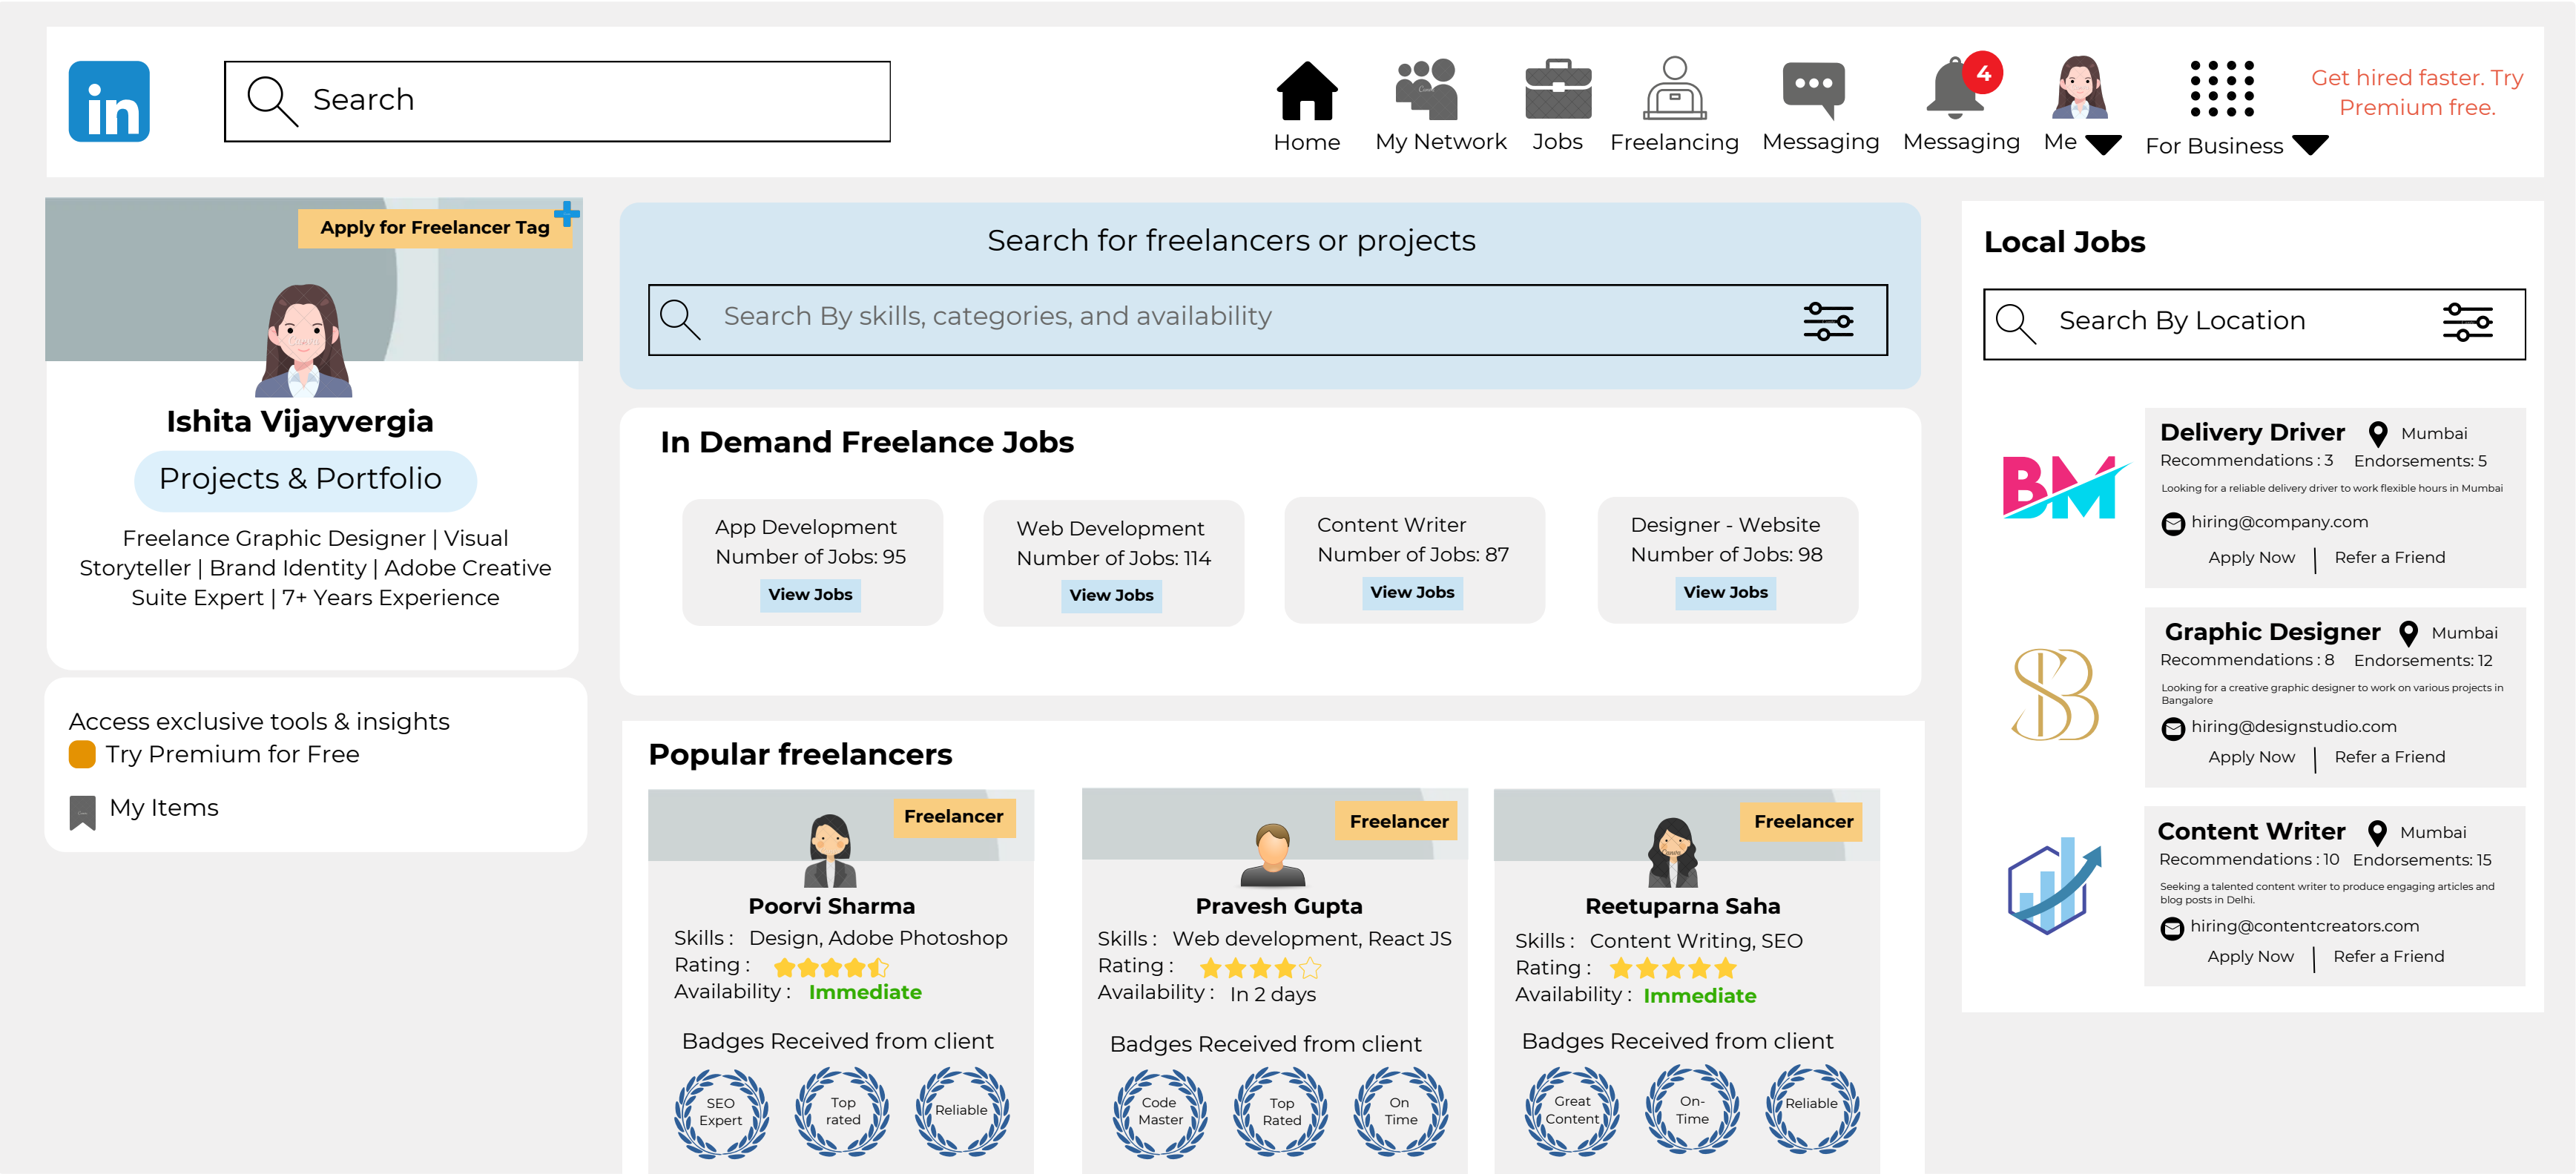

USER JOURNEY MAP

PROPOSED SOLUTION : FREELANCER DASHBOARD

The LinkedIn Freelancing Dashboard is a dedicated hub for freelancers and gig workers, making it easier to find job opportunities & showcase their work. Key features include : **Freelancer Profile, Find Freelancing Services, Freelancer Jobs, Local Jobs and In Demand Freelance Jobs.**

This is how a Freelancer Dashboard will look when a user click on freelancer icon on the LinkedIn Page

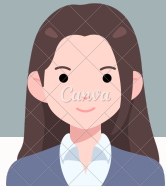

FREELANCER TAG

The Freelancer Tag on LinkedIn profiles distinguishes freelancers by showcasing their **skills, availability, work samples, client testimonials, and earned badges**. This feature helps freelancers to effectively market their expertise and connect with potential clients

4

Once the Freelancer is verified, his/her profile will be visible as the following to the clients, with the **Availability Status, Ratings, Skills and Badges**

Freelancer

Ishita Vijayvergia

Offers visibility into **trending freelance job categories.**

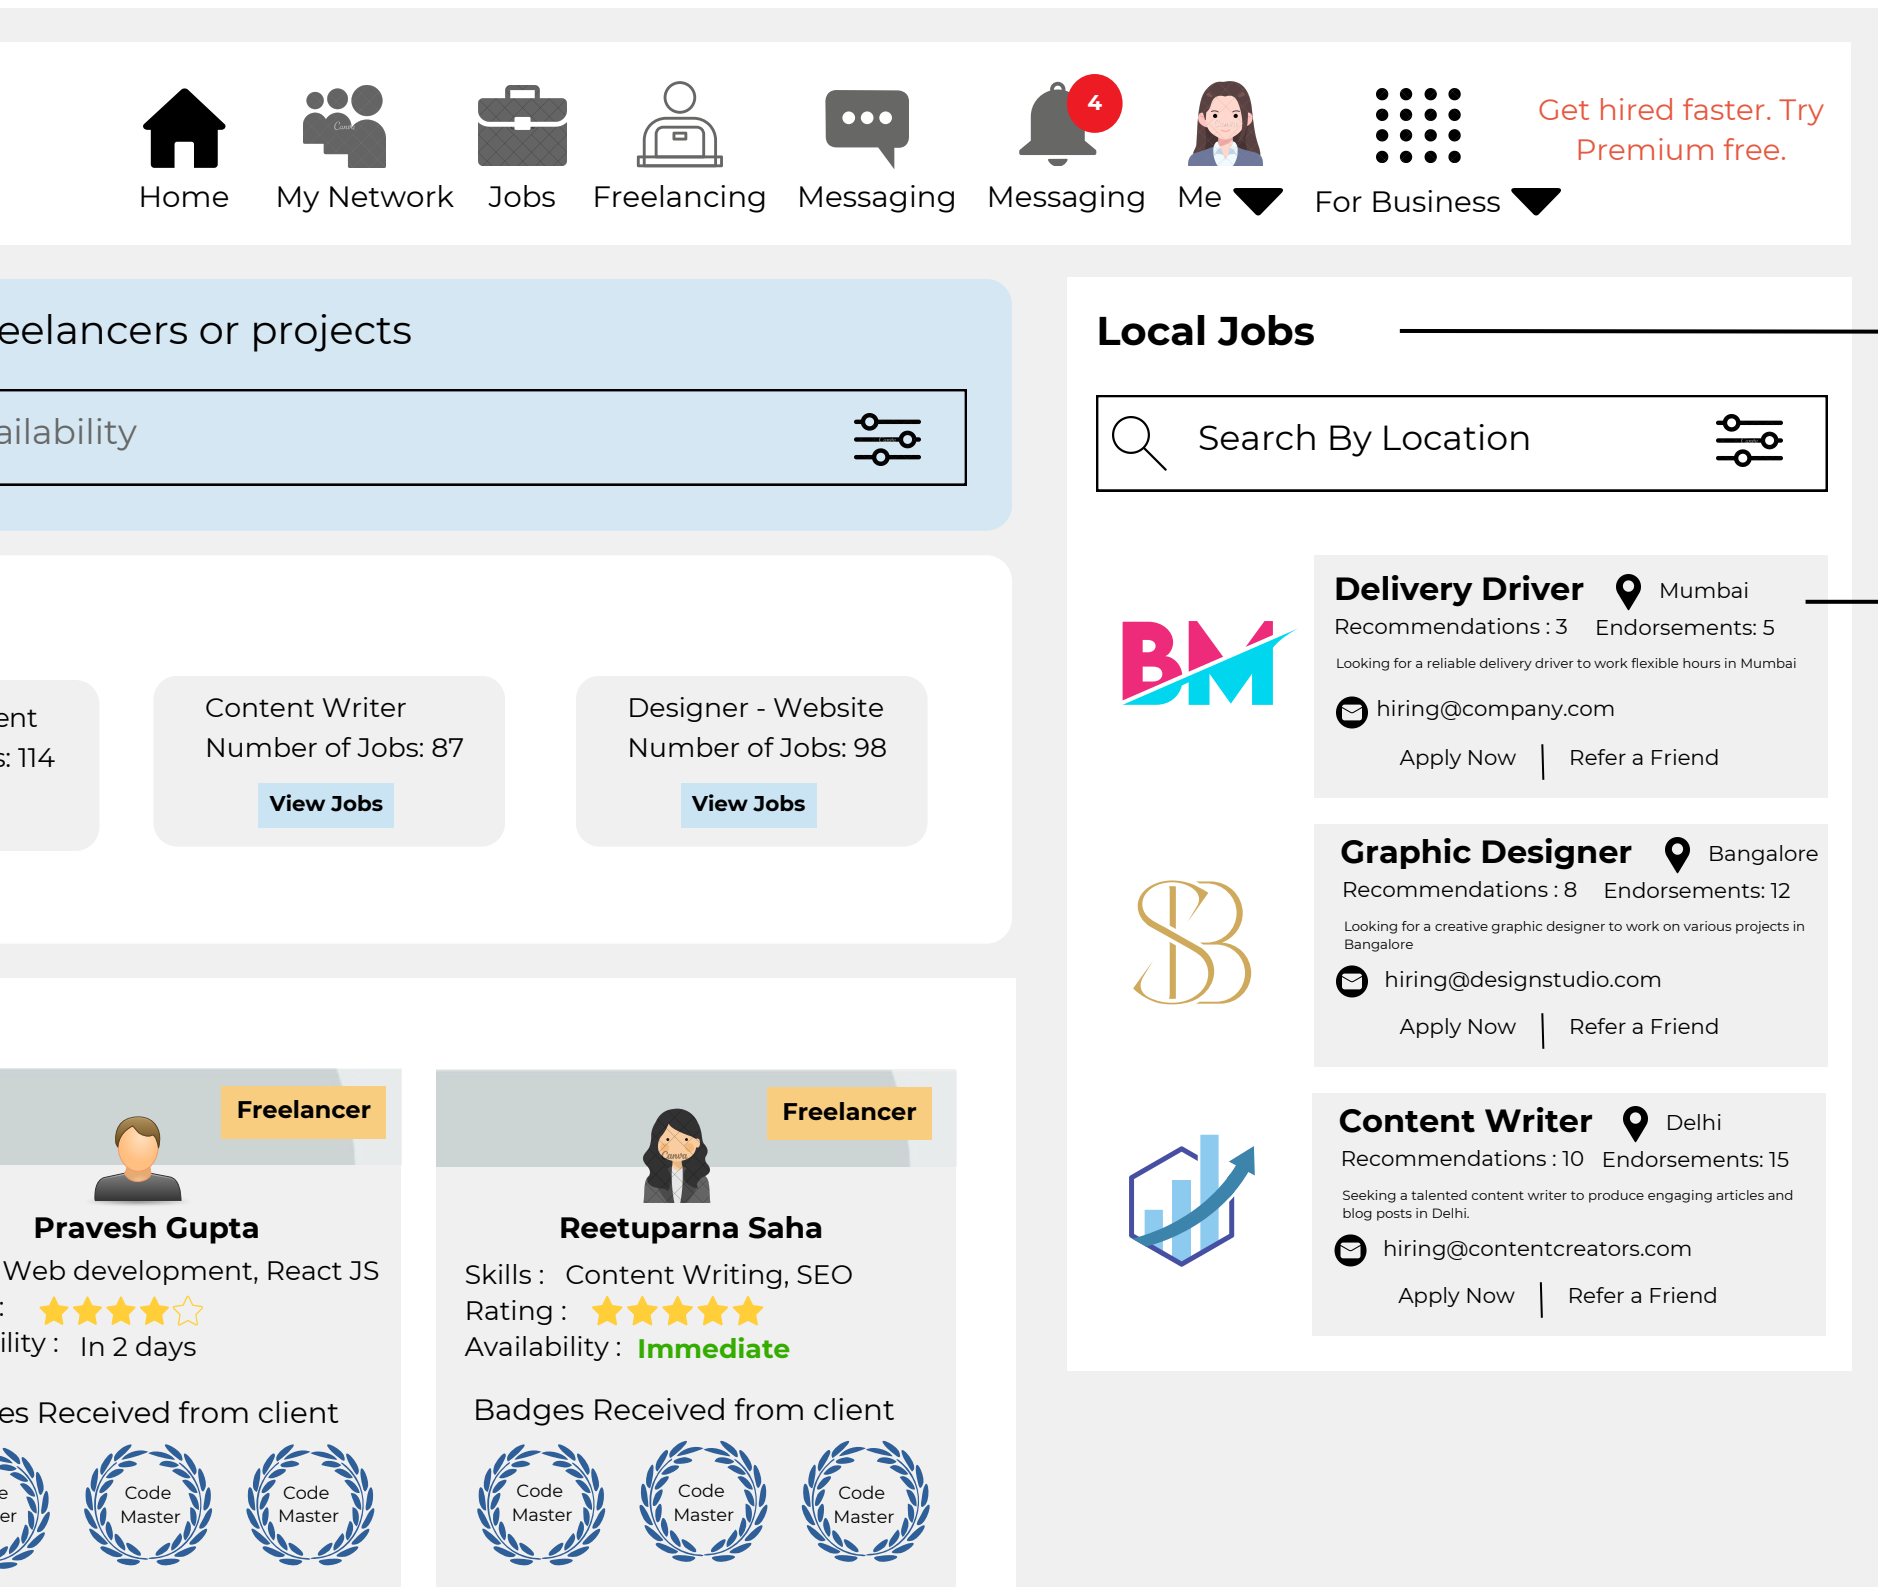

Additionally, it provides freelancers an understanding of the job market's demand for specific skills or categories,

For Potential Clients: Highlights top-performing freelancers in the platform, aiding in the identification of skilled professionals.

For Freelancers: Gain visibility as a top performer.

LOCAL JOBS & COMMUNITY JOB BOARD

A feature targeting **geo-specific jobs**, helping users find local job postings and apply directly through LinkedIn

COMMUNITY JOB BOARD

- Job Title:** Lists available job positions, such as Delivery Driver, specifying the role.
- Recommendations:** Indicates the number of recommended candidates for the job, offering insights into the competition.
- Endorsements:** Displays the number of endorsements received by the job listing, reflecting its credibility.
- [Apply Now]:** The feature allows users to directly browser through local jobs and view related details like pay, duration, recency, firm/person posted by and also apply directly through LinkedIn.
- [Refer a Friend]:** Users can also refer a friend by searching through their exiting connections

FREELANCE WORK SAMPLES

When freelancers apply through LinkedIn, they can include not only their resume but also have the **choice to upload work samples**. This allows recruiters to assess their work directly.
